Aircraft Location:

Inboard, forward, conformal fuel tank

Aircraft Station Number:

Fs428.390 to fs524.68

Aircraft Mission Design Series:

F-15i

Special Features:

U/o aircraft series lct-6, 1 and up; next higher assembly 68a250563

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/25, t6 federal specification single material response

Surface Treatment:

Anodize and dichromate

Surface Treatment Specification:

Ps13201 type ii, class i national specification 1st treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
