Aircraft Location:

Empenage support beam, inboard spindle bearing

Aircraft Mission Design Series:

F-15i

Special Features:

U/o 1 and up; next higher assembly 68a332034-1006

Material:

Titanium alloy

Material Specification:

Mil-t-9046, ab-1, annealed military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800

Mil-std (military Standard):

Mil-t-9046 spec.
