Securing Device Type:

Threaded fastener

End Application:

F-15iacft

Special Features:

Cover, access-control mixer assembly, fs509.500 to fs512.100 lh

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, t81 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531h0
