**Securing Device Type:**

Threaded fastener

**End Application:**

F-15i acft

**Special Features:**

Cover-access, upper skin, fs415.000 to fs509.500, conformal fuel tank; p/n 68a250567-1015 is the next higher assembly

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/25, t76 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A531h0
