**Overall Length:**

24.500 inches

**Overall Width:**

3.780 inches

**Material Thickness:**

0.036 inches

**Aircraft Location:**

Splitter-duct, extension, exhaust, environmental control system, conformal fuel tank

**Aircraft Station Number:**

Fs712.310 to fs784.500

**Aircraft Mission Design Series:**

F-15i

**Special Features:**

P/n 68a250323-1015 is the next higher assembly

**Material:**

Titanium alloy

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
