Overall Length:

48.830 inches

End Application:

B-2 bomber

Aircraft Location:

Inboard link assembly

Aircraft Mission Design Series:

B-2

Material:

Titanium

Material Specification:

Mil-t-81556, comp ab-1 cond a military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800

Mil-std (military Standard):

Mil-t-81556 spec.
