| End Application:                                                      |
|-----------------------------------------------------------------------|
| F-15 aircraft                                                         |
| Aircraft Location:                                                    |
| Duct, extension - exhaust, ecs, cft                                   |
| Aircraft Station Number:                                              |
| Fs712.310 to fs784.500                                                |
| Aircraft Mission Design Series:                                       |
| F-15                                                                  |
| Material:                                                             |
| Titanium alloy                                                        |
| Material Specification:                                               |
| Mil-t-9046, ab-1, anl military specification single material response |
| Shelf Life:                                                           |
| N/a                                                                   |
| Unit Of Measure:                                                      |
|                                                                       |
| Demilitarization:                                                     |
| Yes - demil/mli                                                       |
| Fiig:                                                                 |
| A11800                                                                |
| Mil-std (military Standard):                                          |
| Mil-t-9046 spec.                                                      |
|                                                                       |
