**Aircraft Location:**

Seal-upper chordwise wing to fuselage, aft

**Aircraft Station Number:**

Fs634.95 to fs672.98

**Aircraft Mission Design Series:**

F-15

**Special Features:**

Manufacturer suggested name-seal, half; next higher assembly 68a113055-2043; u/o f-15i 10 and up, f-15s 37 and up, f-15e 210 and up

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5, t81 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11700
