**Overall Length:**

9.500 inches

**Overall Width:**

4.500 inches

**Material Thickness:**

0.040 inches

**Aircraft Location:**

Outboard leading edge

**Aircraft Mission Design Series:**

F-15i

**Special Features:**

P/n 68a118106-2051 opposite; used on f-15e cum210-up, f-15s cum37-up and f-15i cum10-up, material: 2024 alclad

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5, t62 federal specification single material response

**Surface Treatment:**

Aluminum

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A11400
