Overall Length:

9.500 inches

Overall Width:

4.500 inches

Material Thickness:

0.040 inches

Aircraft Location:

Outboard leading edge

Aircraft Mission Design Series:

F-15i

Special Features:

P/n 68a118106-2051 opposite; used on f-15e cum210-up, f-15s cum37-up and f-15i cum10-up, material: 2024 alclad

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, t62 federal specification single material response

Surface Treatment:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A11400
