Overall Length:
9.500 inches
Overall Width:
4.500 inches
Material Thickness:
0.040 inches
Aircraft Location:
Outboard leading edge
Aircraft Mission Design Series:
F-15i
Special Features:
P/n 68a118106-2051 opposite; used on f-15e cum210-up, f-15s cum37-up and f-15i cum10-up, material: 2024 alclad
Material:
Aluminum alloy 2024
Material Specification:
Qq-a-250/5, t62 federal specification single material response
Surface Treatment:
Aluminum
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A11400
