Overall Length:

104.000 inches

Overall Width:

4.800 inches

Thickness:

0.063 inches

Aircraft Location:

Skin-nose, leading edge, vertical stabilizer, hf antenna

Aircraft Mission Design Series:

F-15c

Special Features:

Dcn creates 68a230601-2003 to improve electrical bonding

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, t62 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11700
