**Overall Length:**

5.830 inches

**Overall Width:**

4.940 inches

**Material Thickness:**

3.600 inches

**Aircraft Location:**

Foam block, auxiliary tank

**Aircraft Mission Design Series:**

F-15

**Special Features:**

Manufacturer suggested name-foam block; u/o f-15c, d cum1-blk23

**Material:**

Plastic polyurethane

**Material Specification:**

Hh-i-530, type i, grade 2, class 1 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A11800
