Overall Length:

3.600 inches

Overall Width:

4.680 inches

Material Thickness:

3.490 inches

Aircraft Location:

Scoop assembly

Aircraft Mission Design Series:

B-1b

Special Features:

Manufacturer suggested name-support, actuator; c/o: -004 support & ld137-0040-0815 bushing; n/a: l3056419; u/o aircraft 1 & subq; opposite -001; matl: al aly bar, aly 7075-t73511

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-200/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
