**Overall Length:**

44.600 inches

**Overall Width:**

21.300 inches

**Thickness:**

0.032 inches

**Aircraft Location:**

Section 41 ecm transmitter plenum instl

**Aircraft Mission Design Series:**

B-52 acft

**Special Features:**

Manufacturer suggested name; baffle panel; heat treat t4; 0 temper

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-327 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11700
