Overall Length:

5.900 inches

Overall Width:

5.740 inches

Material Thickness:

0.016 inches

Side For Which Designed:

Left side

Aircraft Location:

Foriegn object seal

Aircraft Mission Design Series:

F-15c/d

Special Features:

Manufacturer suggested name-cover; used on f-15c/d blocks 25 and up

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11400
