Overall Length:

27.000 inches

Overall Width:

25.000 inches

Material Thickness:

1.200 inches

Aircraft Location:

Outboard actuator access door assembly

Aircraft Mission Design Series:

B-1b

Special Features:

Manufacturer suggested name upper wing leading edge horn honeycomb core; opp -017; make from mil-c-743b, grade b, class 2, 3/16-5056.001n-3.1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A11400
