Overall Length:

20.070 inches

Overall Width:

13.180 inches

Thickness:

0.375 inches

Aircraft Location:

Expendable stores access panel assembly

Aircraft Mission Design Series:

B-1b

Special Features:

Heat treat t851 per st01111a0009

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
