Overall Length:

11.400 inches

Overall Width:

9.600 inches

Thickness:

0.050 inches

Aircraft Location:

Fus central equipment bay access door

Aircraft Station Number:

Yf422.0

Aircraft Mission Design Series:

B-1b

Special Features:

Manufacturer suggested name; pan; heat treat st0111la0009, temper t62

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11700
