**Overall Length:**

18.250 inches

**Overall Width:**

3.180 inches

**Material Thickness:**

2.000 inches

**Side For Which Designed:**

Right side

**Aircraft Location:**

Outboard mlg door

**Aircraft Mission Design Series:**

F-15e/i/s

**Special Features:**

Lmanufacturer name: beam, drive-outboard door, mlg; used on next assembly p/n 68a413400-1012 (outboard mlg door) on f-15e cum210-up and f-15i cum1-up and f-15s cum1-up; p/n 68a413401-2005 is the opposite/lh configuration

**Material:**

Aluminum alloy 7075

**Material Specification:**

Mms 159 plate, condition t7351 mfr ref single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A11400
