Overall Length:

1.880 inches

Overall Width:

1.400 inches

Material Thickness:

0.610 inches

Aircraft Location:

Limb restraint seat carriage bracket; nha I5303305; opposite -007

Aircraft Mission Design Series:

B-1b

Special Features:

Alternate material per specification st0170lb0043

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-200/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A11800
