Width:

2.730 inches

End Application:

C130-j hercules

Special Features:

For surface installation-outer wing, trailing edge, lower; next higher assembly, 388022; matl dimensions .063 x 4 x 6; matl 2024-t3 clad; finish temp t3

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531h0
