Body Material:

Aluminum alloy, qq-a-200/8, alloy 6061

Outside Diameter:

1.00 inches single port

End Application:

Mqm-a70e drone

First End Hole Diameter:

0.425 inches and 0.440 inches all working ends

Extended Length:

33.50 inches

First Piston Rod End Thread Series Designator:

Unf all working ends

Piston Rod End Similarity:

Identical

Product Name:

Push rod - rudder control

Special Features:

Interpret drwg per ansi y14.5m-1982

Special Test Features:

Prime in accordance with mis26332

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
