Overall Length:

12.000 inches

Overall Width:

7.000 inches

Material Thickness:

0.250 inches

Side For Which Designed:

Right side

Aircraft Location:

Leading edge fairing

Aircraft Mission Design Series:

B-1b

Special Features:

Manufacturer suggested name: yoke -hinged leading edge fairing; make from -008 precision die forging 7075-t73; opt matl: st0170lb0052 al aly bar 2024 t8511; n/a: l3003550; opp -005

Material:

Aluminum alloy 7075

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
