Overall Length:

45.000 inches

Overall Width:

22.180 inches

Material Thickness:

0.125 inches

Side For Which Designed:

Right side

Product Name:

Doubler

Aircraft Location:

Lower panel, outboard

Aircraft Mission Design Series:

C-141

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12, t73 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
