Material Thickness:

0.063 inches

Aircraft Location:

Cowl, lower body panel assembly

Aircraft Mission Design Series:

B-52h

Special Features:

Rmanufacturer suggested name; splice doubler 45* fwd intercostal; replaces p/n 35-10702-233/-234; intercostal 35-10702-39 through -56 and -61 through -68 along with all associated clips are not to be installed; nha 35-31465/66-1

Material:

Aluminum alloy 2024

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
