Overall Length:

14.750 inches

Overall Width:

14.750 inches

Material Thickness:

0.500 inches

Aircraft Location:

Cabin air pressure blowout valve

Aircraft Mission Design Series:

B-1b

Special Features:

Manufacturer suggested name: ring; matl: plastic phenolic, type v, grade n1 laminate

Material:

Plastic

Material Specification:

L-p-509 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
