Overall Length:

2.600 inches

Overall Width:

1.800 inches

Material Thickness:

0.050 inches

End Application:

Helicopter, mcdonnell douglas corp, apache attack model

Aircraft Location:

Forward anti-flail

Aircraft Mission Design Series:

Ah-64a

Material:

Aluminum alloy

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11800
