Securing Device Type:

Threaded fastener

Mounting Opening Shape Style:

Threaded hole

End Application:

F-15e, i, s acft

Special Features:

Access panel 118-control and hydraulics; next higher assembly part number 68a332000; u/o f-15e cum135 and up, f-15i, s cum1 and up

Material:

Titanium alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531h0
