Overall Length:

31.300 inches

Overall Width:

Between 4.970 inches and 5.030 inches

Material Thickness:

Between 0.570 inches and 0.630 inches

Product Name:

Strap

Aircraft Location:

Lower fuselage

Aircraft Station Number:

Fs1058

Aircraft Mission Design Series:

C-141

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12, t6 federal specification single material response

Surface Treatment:

Anodize and paint epoxy and paint

Surface Treatment Specification:

Mil-a-8625, typeii, class1 military specification 1st treatment response and mil-p-23377, typei, classc military specification 2nd treatment response and mil-c-85285, typei military specification 3rd treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

Mil-a-8625 spec.
