Overall Length:

5.800 inches

Overall Width:

5.600 inches

Material Thickness:

0.032 inches

End Application:

Chinook helicopter, model ch-47

Aircraft Location:

Fairing assembly, aft landing gear pod

Aircraft Station Number:

482 to 520

Aircraft Mission Design Series:

Ch-47

Special Features:

Opposite of nsn 1560014391690

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-287 federal specification single material response

Surface Treatment:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
