Overall Length:

10.000 inches

Overall Width:

4.000 inches

Material Thickness:

0.064 inches

Aircraft Location:

Bulkhead installation

Aircraft Station Number:

Fs 196, lower, br .24

Aircraft Mission Design Series:

C-130

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362a, cond 0 (2024-t4) federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
