Overall Length:

9.000 inches

Overall Width:

5.000 inches

Material Thickness:

0.040 inches

Aircraft Location:

Crew compartment emergency exit release handle cover assembly

Aircraft Mission Design Series:

C-130j

Special Features:

Heat treat t3; finish f-1; next higher assembly 374214-1

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
