End Application:

Sh-2g

Hole Quantity:

3

Product Name:

Beam, assembly-spring yoke

Special Features:

Jnha pn k874410; assembly consists of beam pn k874425-011 (1), bushing pnnas75-7-006 (2), bushing pn k874323-011 (1); beam stock size 1.50 x 15.0 x 66.0, material al aly 2124, material specification qq-a-250/29 cond t851

Material:

Aluminum alloy 2124

Material Specification:

Qq-a-250/29 cond t851 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
