Overall Length:

5.720 inches

Aircraft Location:

Inflight refueling door

Aircraft Mission Design Series:

B-52h

Special Features:

Manufacturer suggested name: aft seal retainer; matl: make from -6 casting; 356-t51, comp (t51), optional, 356-t6, comp 3 (t6) ; opposite -3

Material:

Aluminum alloy

Material Specification:

Qq-a-601 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
