Overall Length:

16.000 inches

Overall Width:

5.000 inches

Material Thickness:

0.250 inches

Aircraft Location:

Auxilliary power unit

Aircraft Mission Design Series:

E-8

Special Features:

Nha 4ab0002; dim. Are stock material

Material:

Steel

Material Specification:

Ams5862 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
