**Overall Length:**

13.600 inches

**Overall Width:**

0.050 inches

**End Application:**

Used on ch47 chinook mark ii and iii

**Product Name:**

Guard

**Special Features:**

Heat treated to t6 condition

**Height:**

10.000 inches

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/13 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A11800
