Overall Length:

6.000 inches

Overall Width:

2.000 inches

Material Thickness:

0.050 inches

Aircraft Location:

Lower pylon

Aircraft Mission Design Series:

Lower pylon

Special Features:

Dimensions are stock size

Material:

Aluminum alloy 2219

Material Specification:

Dms 1719, temp 0 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A11400
