Width:

11.880 inches

Edge Shape:

Oval, multi holes

Length:

21.120 inches

Hole Quantity Along Length:

18

Hole Quantity Along Width:

13

Securing Device Type:

Special

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531h0
