Overall Length:

12.290 inches

Overall Width:

1.300 inches

Material Thickness:

2.000 inches

End Application:

Sh-2g helicopter

Hole Quantity:

2

Special Features:

Both holes 0.5622 min 0.5629 maximum in

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
