**Overall Length:**

12.290 inches

**Overall Width:**

1.300 inches

**Material Thickness:**

2.000 inches

**End Application:**

Sh-2g helicopter

**Hole Quantity:**

2

**Special Features:**

Both holes 0.5622 min 0.5629 maximum in

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/4 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
