Overall Length:

5.300 inches

Overall Width:

2.200 inches

Material Thickness:

0.071 inches

End Application:

Boeing 727; wing leading edge no.1 and 8

Product Name:

Channel-slat sta 363 skin

Special Features:

T.O.57-50-01, fig. 01a, indx 52b

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-355/t4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A11500
