**Overall Length:**

5.300 inches

**Overall Width:**

2.200 inches

**Material Thickness:**

0.071 inches

**End Application:**

Boeing 727; wing leading edge no.1 and 8

**Product Name:**

Channel-slat sta 363 skin

**Special Features:**

T.O.57-50-01, fig. 01a, indx 52b

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-355/t4 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A11500
