End Application:

E3d sentry

Special Features:

Material stock 050 sheet 7.1 x 14.5 inch; srf primer thickness 0.0006

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Surface Treatment:

Primer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
