**Overall Length:**

20.500 inches

**Overall Width:**

17.000 inches

**Material Thickness:**

0.030 inches

**Aircraft Location:**

Aft fuselage

**Aircraft Station Number:**

Fs483.00 to fs582.09

**Aircraft Mission Design Series:**

T-38

**Special Features:**

Manufactured suggest name: (ejector-aft fuselage); sheet hastalloy; same as -3 except where ecn 01a0449 is applied using 3 separate -21 shroud components; c/o -5 stiffeners and -21 shroud

**Material:**

Nickel alloy

**Material Specification:**

Ams5536 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
