Fabrication Method:

Composite

End Application:

F/a-22 raptor

Aircraft Location:

Skin panels-bond part lower

Aircraft Mission Design Series:

F/a-22 raptor

Special Features:

Caron/bmi and glass/bmi composite construction

Material:

Glass fiber and plastic epoxy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
