Overall Length:

23.000 inches

Overall Width:

5.000 inches

Material Thickness:

0.090 inches

Aircraft Location:

Wing center section mod.

Aircraft Mission Design Series:

A-10a

Special Features:

Nha 160j611311; manf. Suggested name: details shim; dim. Are stocksize

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4-t3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
