**Aircraft Location:**

Side, inner

**Aircraft Station Number:**

Fs468.500 to fs481.000

**Aircraft Mission Design Series:**

A-10a

**Special Features:**

Kmanf. Suggested nam (side panel instl-assy inner) ; nha 160d211000; c/o web, supports, radius block, bracket angle, plate, hilok pin, hilok collar, rivets, rivets, blind and sealant as required; t0 and t6 strengh

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/13 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11700
