Overall Length:

39.200 inches

Overall Width:

2.100 inches

Material Thickness:

0.063 inches

Aircraft Location:

Floor fuel cell

Aircraft Mission Design Series:

A-10

Special Features:

Dimensions are stocksize; nha -1; manf. Suggested nam (angle bracket)

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
