**Overall Length:**

13.500 inches

**Overall Width:**

7.700 inches

**Material Thickness:**

0.063 inches

**Aircraft Location:**

Leading edge wing section

**Aircraft Station Number:**

Xfs 179.486

**Aircraft Mission Design Series:**

F-15

**Special Features:**

Dem. Are stock material; u/o f-15e, i, s cum1&up

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/4, t62 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
